

How to apply:

You can make an appointment to discuss your support needs and interests.

An assessment will be undertaken to evaluate the capacity of the organization to be able to support the individual. The assessment will also evaluate CODA Inc.'s ability to provide supports in a manner safe to the person, the staff and others in the activity environment.

Upon acceptance by the Individual Support program a service delivery plan will be agreed and documented with the person or their carer/s with reference to goals and aspirations.

This plan will also document costs to the client, for example, entry fees and other program fees and charges that may apply.

To make an appointment contact:

Monica Provan on 5231 1573 or
0478 225 534

mprovan@codal.org.au

The Individual Support team strive to:

- support access to activities and community programs of the persons choice, in line with their goals and aspirations
- enhance current strengths and abilities of the person whilst building ability and capacity
- support the development of independence

Box 370, Colac.

**COLAC OTWAY
DISABILITY
ACCOMMODATION Inc.**

Individual Support

**A tailored support
service for people with a
disability**

Individual Support

CODA Inc provides an individualised service model that recognises the unique combination of likes, attributes and abilities of people seeking support.

People with a disability can receive support to participate in the community and/or support in their own home in the manner and to the extent they wish.

The dynamic team of support staff will ensure assistance and support is focused on achieving an individuals' goals and aspirations.

Some of the supports CODA can provide are:

- accessing community based activities
- skill development for activities of daily living and self care
- skill development for accessing the community, including independent transport
- organisation of and/or attendance at regular medical reviews
- accessing learning opportunities
- accessing employability skill development opportunities
- volunteering
- improving physical and mental well being
- accessing recreation, leisure and cultural activities
- using local facilities and services (banks, shops, transport)
- accessing generic community and health services
- strengthening relationships with family and friends
- accessing own community activities

Individual Support staff are regularly trained in:

- First Aid,
- Fire safety and
- General health issues
- Person specific health issues

The Individual Support team have a variety of specialist qualifications and skills including:

- signed English (Auslan), Makaton and cued articulation
- teaching including, literacy and numeracy, art, media, drama & physical education, and
- vocational education and training
